Aerial View of Inauguration Stand Arrangement Plans

Description

This aerial view of the inauguration stand arrangement plans shows the main stand (No. 1) level with and about 100 feet from the president (in circle); stands No. 2 and 3, at the rear of the important guest's seats about 130 feet from the president, and below; two additional grand stands located at the fountains (No. 4 and 5) about 275 feet away; two small stands at No. 6 for a backshot of the ceremony; long overhead backshots from the roofs at No. 7 and 8; and a possibility of additional positions on the roof of the Senate office building and the dome of the Library of Congress.

Date(s)
January 1949
