Aerial View of USS Manchester Hidden in Cloud of Smoke

Description
Original caption: The USS Manchester is almost hidden from view as a full salvo is fired from its main battery. This rapid rate of fire soon blistered the pain on the gun barrels and left the docks littered with empty shell casings. The USS Manchester's big guns hit enemy installations around the Kosang area with devastating results, completely neutralizing the area.

Date(s)
January 1951

Accession Number 2015-0432

8x10 inches (21x26 cm) Black & White
