**Accession Number** M80

**Description**

Two prints, taped together, that show a portion of the proposed first floor of the Harry S. Truman Library. The plan, a smaller cropped version of M69, shows the dimensions of each room and includes a table regarding doors. Annotations on the front read: "Office," "Conference," "Museum Storage and Workroom," "Reading Room," and "Microfilm Reading Rm." A crease running through the top portion distorts the drawing.
