Dear Mr Truman,

I am 9 years  
Aged I am proud  
that you are  
trying to pass  
a law that Negro  
as well as white  
should be treated  
alike. I am an Amer-  
ican and so are  
the Negro people.  
I sn't it bad  
enough that this  
is going on in  
the South? It is a  
disgrace that the  
Capital of the  
United States  
should not know  
that. I think that

They be aloud  
to do and go  
where they want.

Yours Sincerely,

Dear President Truman,  
I am 9 years old and I think  
it was a disgrace that in  
Washington 51 children were  
not let in to a hotel because 4  
children were colored. The capital  
is supposed to be for freedom.  
I am proud to be an American  
but this makes me feel  
ashamed because in my  
own classroom we made  
up a play on brother  
hood.

sincerely,  
J. Tagliam

Dear Mr. President,

I live about three yds. from  
a white playground, yet it is a  
public school playground. I am  
a colored boy and not allowed to  
go on it. All the white boys enjoy  
playing with me. But I am put  
off by the adult managers. I am  
writing you for a consideration  
because my playground is 4 or 5  
blocks away. My parents are afraid  
of me being hit by cars. I am eleven  
yrs. old. Please answer.

Sincerely,  
Andrew J. Evans.

Dear Harry.

I live in Chicago. But I am on a vacation in Florida.

One day I went for a ride and I saw a sign it said Virginia Beach colored only and I don't think it's right. The colored are not any different then me or you.

So I think you ought to do something about that at once. your friend
